

Hazardous Waste Generator Local Authority Notification Form

Commercial Hazardous Waste Form

To: Police Department Fire Department Hospital Hennepin County DES

From: Company Name: _____

Address: _____

City/State/Zip Code: _____

Contact Person: _____

EPA ID Number - - -

To whom it may concern:

The U.S. Environmental Protection Agency has promulgated regulations as required by the Hazardous and Solid Waste Amendments of the Resource Conservation and Recovery Act, which govern the handling and disposal of hazardous wastes.

As part of these regulations, generators of hazardous waste are required to notify all emergency response personnel that may be called upon to provide services. The notification is intended to establish cooperation in minimizing hazards to human health or to the environment from any unplanned release of hazardous wastes, and request services, if needed, in case an emergency situation arises involving wastes from our facility.

The role of your authority in an emergency involving hazardous waste at this location would be in treating emergency conditions or victims of an emergency. In light of this, we would like to identify the following wastes, which are generated at our location, and the physical properties and/or health hazards which make each of these wastes hazardous:

Waste Name	Physical Properties/Health Hazards

In order to facilitate emergency response, below is a description of facility entrances and the location of production areas. A facility site plan may also be attached (See reverse).

We appreciate your assistance in this matter and look forward to any comments you may have regarding this emergency notification plan. Please contact me at _____ if I can provide further information.

Name: _____ Title: _____ Date: _____

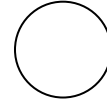

Emergency Site Plan

Company Name: _____

Draw a diagram of your site below. Be sure to include:

- Access roads (include streets and names)
- Hazardous waste/material storage areas
- Personnel working areas
- Facility layout
- Entrances & evacuation routes
- Identification of north direction with an arrow

Identify north direction

Legend

- E = Entrances/Exits
- W = Hazardous Waste Storage
- M = Hazardous Material Storage
- P = Personnel Work Area
- S = Spill Control Equipment
- X = Fire Extinguishers
- = Evacuation Routes

Are you connected to a municipal water supply?
 Yes No

If no, locate fire hydrants or water supply on the site map.
