That’s more than you earn per hour caring for children!

NUTRITIOUS FOOD!
It is a federally funded program that pays licensed family child care providers to serve nutritious meals and snacks to the children in their care.

Why Join the Food Program?
IT'S FREE!

NUTRITIONAL BENEFITS
You will receive nutrition education so the children in your care will get healthy meals and snacks. Nutritious food contributes to the wellness, healthy growth and development of young children.

WHAT IS THE FOOD PROGRAM?
Teaching children about healthy eating will last a lifetime!

FINANCIAL BENEFITS
You report each month the number of meals and snacks served to the children in your care. Then the Food Program will send you a check to pay you for the cost of the food.

If you serve one breakfast, one lunch and one snack each day you will receive about

$564
or
$1,170
per child
from the Food Program each year.

(The difference depends on where you live and the income of the families in your care.)

You are always better off financially if you join the Food Program. The money you receive is taxable income, but the cost of the food you serve is tax deductible.

For every
$1,000
you receive from the Food Program, you can expect to keep about

$600 - $700
in your pocket after taxes.
