

Making a generator license payment

Overview

All hazardous waste generator license invoices will be distributed by email (as a PDF) to each operation's "Billing Contact". Several forms of payment, including electronic payments, are now accepted. Read on to learn more about the updated electronic invoice distribution and payment options.

Late February

An operation's "Billing Contact" will receive an e-mail containing an electronic invoice (PDF).

Sunday, March 31, 2024

Hazardous waste generator invoice payments are due. Invoices for new generator operations will be distributed at different times throughout the year with payments due 30 days after issuance.

Who can initiate an online payment?

Each operation is allowed up to two online payment contacts capable of making an electronic payment: "Portal Administrator" and "Billing Contact". Online payment contacts must complete their registration and create login credentials before signing-in and making an online payment.

If you change the portal administrator or billing contact to someone else, please wait to complete your online payment registration after receiving an email from noreply@hennepin.us regarding your Security Profile being created (expect to receive this email a few days after a contact change).

What is the hazardous waste customer portal?

The hazardous waste customer portal www.hennepinhazwaste.us is where you can change a contact (billing or portal administrator).

What is the online payment system?

The online payment system is a different website where you can make an online payment. Visit [Registration Sign Up and Sign In](#) to sign into your existing account or to finish completing your registration & password.

What does it mean to be pre-registered?

Being pre-registered means that a contact has the necessary security clearance to complete registration, which is started by clicking the "Sign up now" registration button. If you are an existing "Portal Administrator" or "Billing Contact", you are already pre-registered and can proceed to "Sign up now". If you already registered and created a sign in password, there is no need to register again.

What happens if I register too early before I'm pre-registered?

Unregistered contacts that 'Sign up now' before getting an email from noreply@hennepin.us will not be able to see their operation's invoice when logged into the online payment system. If this happens to you, please contact HWG_Support@hennepin.us. Provide a description of the problem, the operation name, and include your contact information.

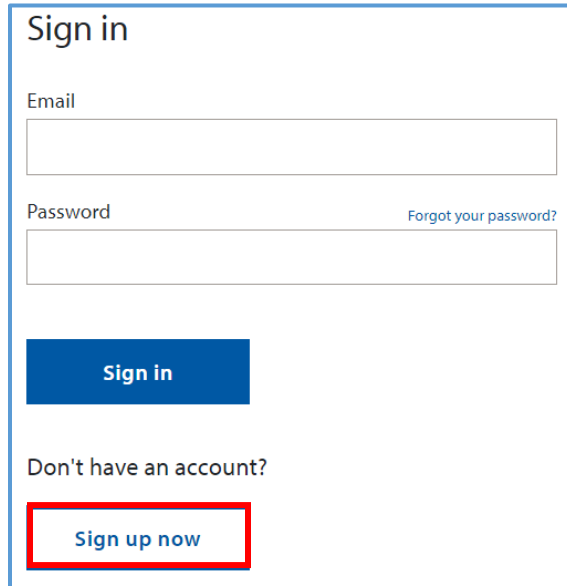

Fees

The fees associated with your payment will vary depending on which payment type you select:

- No service fee to end user if you select eChecks (best value)
- A flat service fee of \$2.95 applies to **Visa debit cards** (paid by card holder)
- American Express, Discover, Mastercard, and Visa credit cards, non-Visa debit cards, and PayPal, will include a 2.29% service fee (paid by card holder)
 - Listed below are credit/debit card service fees based on some common invoice amounts:
 - \$72 payment = added \$1.65 service fee
 - \$287 payment = added \$6.57 service fee
