

Hennepin County Assisted Living Housing Support Provider List

Housing Support (formerly known as GRH) is a state-funded income supplement for housing costs and, in some instances, supportive services for low-income people with disabilities. The benefit is paid directly to an approved Assisted Living Housing Support Provider which goes toward rent and utilities on behalf of the tenant. Housing Support providers have applied to Hennepin County and entered a Housing Support Agreement to be eligible providers. If an individual's housing is dependent on Housing Support funding, they should never be placed in housing without first identifying an approved Housing Support provider.

The providers listed in the chart below have a Housing Support agreement with Hennepin County to administer the Assisted Living Housing Support program.

Assisted living providers operate facilities licensed by the Minnesota Department of Health. Medicaid waivers (Community Access for Disability Inclusion, Brain Injury and Elderly) may pay for the assisted living services that an individual needs to be able to live in the facility. Click [here](#) for more information about qualifying for the Medicaid waiver program.
