

READY FOR SUCCESS, helping make great first impressions

READY FOR SUCCESS provides women and men with lower incomes professional clothing and accessories needed to secure employment with confidence.

Job seekers receive an individual appointment with a personal shopper to find professional attire and accessories that fit their personal preferences. Beyond providing apparel, clients are equipped with a confidence that they carry into an interview and beyond.

Each year, ***READY FOR SUCCESS*** empowers 1,800 men and women to gain economic stability through employment and restore pride in themselves.
