ADULT PROTECTION SERVICES

MN Adult Abuse Reporting Center - Phone: 1-844-880-1574

All Vulnerable Adult Reports go to the MN Adult Abuse Reporting Center. Call 1-844-880-1574 to reach the Minnesota Adult Abuse Reporting Center. They are open 24 hours a day, seven days a week.

Adult Protection Services (APS) - Phone: 612-543-9912

Hennepin County Government Center
300 South Sixth Street
Minneapolis, MN 55487-0140

Email: adultprotection@hennepin.us

Hours: 8a.m. – 4:30p.m Monday through Friday

Services: After a report is made to the MN Adult Abuse Reporting Center, Hennepin County Adult Protection social workers investigate reports of alleged abuse, neglect, and financial exploitation of vulnerable adults who are unable to protect themselves due to physical or mental impairments. Through the provision of protective social services, staff assists people in establishing a network of support to help reduce their risk of further harm. When legal intervention is required to protect a Vulnerable Adult from harm, Adult Protection staff can assist with civil commitment, an order for protection, the removal of a perpetrator, and with the appointment of a guardian or conservator.

ADULT REHABILITATIVE MENTAL HEALTH SERVICES (ARMHS)

[MN DHS Current Providers List](#)

ASSERTIVE COMMUNITY TREATMENT (ACT)

Population Served: ACT supports people who have re-experienced symptoms of serious and persistent mental illness, and/or may have co-occurring disorders (e.g., SPMI and substance abuse) when supported with less intensive supports. Histories often include multiple or extended hospitalizations, court-ordered treatment at a Regional Treatment Center, and placements in other restrictive settings. People may also have a significant history of homelessness or contact with the criminal justice system as a direct result of symptoms of their mental illness. Without intensive supportive services, they may be considered at imminent risk of civil commitment or nursing home placement and may be unable to secure or maintain more independent living situations. Initial Contact and Access approves clients for admission.

Services: An interdisciplinary team that includes a psychiatry provides Support services. Caseloads are 1:10. Services include case management, and services that instruct, assist and support the person in skills such as interpersonal communication, community resource utilization and integration, relapse prevention, budgeting and shopping, healthy lifestyle, cooking and nutrition, and transportation. Other support services include medication education and monitoring, mental illness symptom management, crisis assistance, health care directives, and transition to community living services.

COMMITMENT & COMMITMENT ALTERNATIVES

Community Alternative Response Team (CART)

Services Include: Short-term (under 90 days) intensive services aim to reduce commitments to Anoka-Metro Regional Treatment Center and other RTCs. The team focuses on early intervention services for people referred by Hennepin County Prepetition Screening or the adult crisis team (COPE).

Diversion and Recovery Team (DART)

Services Include: Case management for adults struggling with severe and chronic substance abuse. The team focus is on providing stable housing and harm reduction. Over time, they seek to see a reduction of hospital and detoxification use.

Prepetition Screening Program (PSP) - Intake Line: 612-348-2787

Hennepin County Government Center
300 South Sixth Street
Minneapolis, MN 55487-0160

Fax: 612-466-9684

Intake Line Hours: 7 a.m. – 3:30 p.m., Monday – Friday

Services: Mental Health professionals screen individuals who are being considered for commitment because of struggles related to mental illness, chemical dependency, or developmental disabilities. The program attempts to prevent unnecessary petitions and commitments by diverting people to voluntary alternatives whenever possible. The PSP process typically takes place in a hospital setting while the patient is on a 72-hour hold, but people may also be in a community setting. In order to obtain a screening, there must be a “Petitioner” (someone interested in committing a person) and an “Examiner’s Statement” (an official statement signed by a Medical Doctor, Ph.D. Psychologist, or advanced practice nurse).

COMMUNITY SUPPORT PROGRAMS (CSPs)

Services: Community Support Programs (CSPs) provide easy access to a wide spectrum of services, support, and resources for persons with serious and persistent mental illness (SPMI).

Examples Include: volunteer and work opportunities, daily living skills training, benefits assistance, social/recreational activities, employment assistance, housing support, and referrals for needed services.

The Primary Goal of CSPs: are to assist people in developing the skills necessary to function as independently as possible in the community and to provide an environment that encourages the development of person-centered support systems, including mutual-help networks.

Referrals: CSPs can make referrals to other mental health resources such as outpatient treatment, crisis intervention, case management, and employability services. Program hours vary by provider and sometimes change to meet the needs of their members. Some programs include evening and weekend hours.

Referrals to CSP services can be made by contacting Initial Contact and Access: Phone: 612-348-4111

Services: RISE, Inc. and Jewish Family Children's Service provide person-centered vocational evaluation, job search and placement assistance with retention support to help individuals reach their full career potential, establish independence and become integrated into the community. Target population consists of Hennepin County residents 18 and older with SPMI who are able to benefit from community-based vocational rehabilitation services. Individuals aged 21-64 with no dependent children, referred by the Hennepin Health Program.

FORENSIC ASSERTIVE COMMUNITY TREATMENT (FACT)

Population Served: FACT supports people who have re-experienced symptoms of serious and persistent

mental illness, and/or may have co-occurring disorders (e.g., substance abuse) when supported with less intensive supports, AND are involved with the criminal justice system. Histories often include multiple or extended hospitalizations, court-ordered treatment at a Regional Treatment Center, and placements in other restrictive settings. People may also have a significant history of homelessness as a direct result of symptoms of their mental illness. Without intensive supportive services, they may be considered at imminent risk of civil commitment or nursing home placement and may be unable to secure or maintain more independent living situations. Initial Contact and Access approves clients for admission.

Services: An interdisciplinary team that includes a psychiatrist provides support services. Caseloads are 1:10. Services include case management, and services that instruct, assist and support the person in skills such as interpersonal communication, community resource utilization and integration, relapse prevention, budgeting and shopping, healthy lifestyle, cooking and nutrition, and transportation. Other support services include medication education and monitoring, mental illness symptom management, crisis assistance, health care directives, and transition to community living services.

Hennepin County Front Door Social Services - Phone: 612-348-4111

Hennepin County Government Center
300 South Sixth Street
Minneapolis, MN 55487-0140

Fax: 612-466-9523

Website: www.hennepin.us

Email: Socialservices@hennepin.us

Hours: 8am – 4:30pm, Monday through Friday

After hour's messages, faxes and emails will be responded to within two business days.

Services: The Front Door Social Services program consolidates intake for most voluntary programs and connects people to the level of service that best meets their needs. Front Door response ranges from connecting callers to community resources or other providers, providing education and consultation, or providing intake into county-operated programs. A team of Social Workers answers initial requests and Public Health Nurses, who help callers, define their service needs and offers consultation about how those needs can be met. If a caller seems to require additional county assistance, the caller may be connected to another service area that will do a more thorough evaluation of needs and will assess client eligibility for possible ongoing services from the county or a contracted provider.

SUBSTANCE USE COMPREHENSIVE ASSESSMENTS

Services: Substance use services are available to Hennepin County residents who have problems with drug or alcohol abuse and meet income guidelines, or who have been referred by the court. Services are available directly from a variety of health care and social services providers. Most programs are culturally diverse and offer different treatment models. Services include substance use assessments, Detoxification, Referrals to Rule 31 chemical dependency treatment programs for high, medium, and low-intensity inpatient and outpatient treatment services, supportive housing, and case management, other support services. Private insurance may not cover all or some substance use services. Services may be paid for with public funding if the recipient is financially eligible. This includes minors, who usually are eligible if they have private or no insurance.

Call 612-348-4111 to get information on where to get an assessment if you are a Hennepin County resident, or if Hennepin Health covers you. You may also get information on some of the programs located in Hennepin County, which perform assessments for other health plans.
