

# LITTLE EARTH YOUTHBUILD PROGRAM

**Are you between 18-24 years old?**

We are seeking people in the Native community between the ages of 18-24 that are interested in participating in the YouthBuild Program.

**Are you interested in the construction trades?**

The Little Earth YouthBuild Program in partnership with Summit OIC will be providing paid construction training, including learning carpentry skills. The main project we will be working on is building a greenhouse. Participants will also receive assistance in finding a job after the program ends.

**Are you interested in obtaining your GED? Or are you currently enrolled in high school? Are you interested in pursuing other education goals?**

In addition to paid construction training, the YouthBuild Program can help you reach your education goals through supportive services, assistance with navigating the educational system, and advocacy.

**Call Kelly Milam, YouthBuild Manager;  
(612) 455-2807. Space is limited!!!!**
