Navigating roundabouts

66th Street reconstruction

In the reconstruction of 66th Street (County Road 53), there will be roundabouts added at Lyndale and Nicollet avenues.

Multi-lane roundabouts can be confusing to navigate. Follow these rules to keep safe:

**Car**
- Yield to pedestrians in crosswalks.
- Slow down, yield to traffic already traveling in the roundabout.
- The outside lane is reserved for turning right or proceeding straight. No left turns from the outside lane.
- Do not stop while in a roundabout. Continue through until exiting.

**Bike**

Ride with traffic and use the crosswalks appropriately.

**Pedestrian**

Cross only at crosswalks, one segment/approach at a time.
