The Hennepin County Bottineau Community Works program has been collaborating with cities and community partners in the Bottineau Corridor where the METRO Blue Line Extension will run to maximize community benefits of Light Rail Transit. This project focused on infrastructure enhancements to improve connections for people walking, biking, and rolling near planned light rail stations in the cities of Golden Valley, Robbinsdale, Crystal and Brooklyn Park. The following is one of ten projects selected from more than 450 potential bicycle and pedestrian projects. Design plans for the final ten projects have been developed at the 60 percent engineering level, including identifying potential implementation challenges and funding needs that will need to be addressed to move forward.

**Project F: Louisiana Avenue North**

**City of Brooklyn Park**

This one block segment of sidewalk along Louisiana Avenue North creates a direct pedestrian connection to the planned LRT station at 63rd Avenue North and several apartment complexes. The sidewalk project will also connect to the existing sidewalk network in the adjacent City of Crystal and tie into Prairie Seeds Academy.

**Facility Type:** Sidewalk

**Project Length:** 0.3 miles

**Estimated Cost:** $266,000

*Includes estimated construction costs, design and construction administration (Estimated construction in 2023)*
