

Bottineau Boulevard

County Road 81 reconstruction in Brooklyn Park

Project purpose

Hennepin County and the City of Brooklyn Park have partnered to reconstruct Bottineau Boulevard (County Road 81). The segment between West Broadway and 83rd avenues will include pavement upgrades, drainage improvements and underground utility work, as well as a number of safety improvements.

- For motorists, the road will include the addition of through lanes, dedicated turn lanes and traffic signal replacements.
- For pedestrians, there will be sidewalk curb ramp replacements, accessible pedestrian signals and countdown timers.
- For bicyclists, the Crystal Lake Regional Trail will be extended along Bottineau Boulevard and shared paths along Brooklyn Boulevard.
