

# County Road 92 road and drainage improvements

## St. Bonifacius, Minnetrista and Independence

This year, Hennepin County will make road and drainage improvements to County Road 92 between Highway 7 and Watertown Road (County Road 6).

We anticipate construction activities to begin as early as May, and we expect the work to take up to four months to complete.

There are three parts to this project: pedestrian access and safety updates, drainage improvements and repaving.

## How we are improving County Road 92

- New road base offering a stronger road foundation
- New pavement providing a smoother ride
- New culverts reducing drainage issues and protecting the road base
- New pedestrian curb ramps at Wildwood Avenue and Kennedy Memorial Drive that meet Americans with Disabilities (ADA) standards
- Shorter crosswalk distances at Kennedy Memorial Drive
- Concrete medians on the north part of the Trista Lane and Highway 7 intersections

## Expect a ten-week closure

During the summer, we will close County Road 92 between Hillview Drive and Watertown Road to through traffic for approximately ten weeks. The closure will allow crews to complete the drainage improvements and repaving work.

There will be a detour for all through traffic, and we will maintain local access for residents and businesses who live and work within the construction area.

## Stay connected

We will provide updates and details as we get close to construction.
