

Community feedback

Pedestrian

- Add more crosswalks and enhance existing crossings across Glenwood Avenue
- Improve sidewalk conditions and add boulevard space
- Specific concerns for crossings at Natchez and Theodore Wirth Parkway
- Improve drainage and better maintain sidewalks in the winter

Bicycle

- Need dedicated space for people biking
- Create a comfortable connection to Theodore Wirth Park
- The bike gap on the Highway 100 bridge needs to be addressed
- Implement consistent bicycle facilities to connect to segments on either side of project limits

Roadway

- People drive too fast through the corridor and better speed enforcement is needed
- There is too much truck traffic through the neighborhoods
- Clearly define where parking is allowed
- Address the Glenwood/Theodore Wirth intersection. It is confusing and unsafe for all modes
- Concern with traffic around Breck School

Miscellaneous

- Improve wayfinding
- Add more lighting to the corridor
- Preserve the neighborhood feel
- Add more landscaping to the corridor
- Need better bus stop facilities
