

Have a say in how healthy Hennepin can be.

Have a say in how healthy Hennepin can be!

Hennepin County Public Health has partnered with several organizations to conduct a health survey called SHAPE. This project helps improve the health of local residents by identifying the greatest health needs in our community.

The SHAPE 2022 survey asks about your health, diet, exercise, neighborhood, how you have been impacted by the COVID-19 pandemic, and your ability to get health care. The survey is voluntary and anonymous (we don't ask for names). Completing this survey will not affect any service you receive from our partner organizations or Hennepin County.

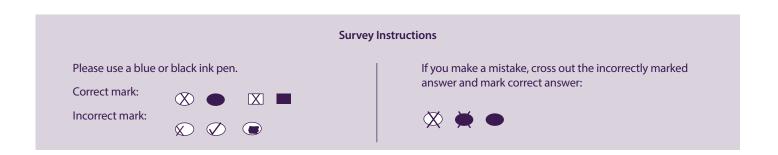

Please follow these steps:

- 1. Only one adult (age 18 or older) from your family who is receiving services here today is requested to complete the survey.
- 2. Complete the paper survey and return to the staff at this site.
- 3. To thank you for your time, we will give you a \$10 gift card for completing the survey.

Our survey staff can help answer your questions or provide language assistance.

Thank you for taking the time to participate in this important project.

Sincerely, Susan Palchick, PhD Hennepin County Public Health Director

Section A.
